## Detail for Animals with an Outcome 6/29/2015 through 7/5/2015

---

This reports all outcomes of animals between the parameter dates.

Removed are all non-impound intake types (e.g. animals reported to the shelter as found but held by the reporting party), animals dead on arrival and wild animals. Foster intakes and outcomes are also excluded but the animals are reported by their initial intake date and final outcome. Animals in foster are reported separately.

This query is in line with the information requested for the Asilomar/Maddie's Fund reporting.

### Data Conventions

Names beginning with an asterisk are assigned by the shelter staff.

Condition Codes are as follows:

HEALTHY - The animal is healthy.

TREAT REH - The animal is treatable and rehabilitatable and can become Healthy.

TREAT MAN - The animal is treatable with a chronic condition than can be managed.

UNTREATABL - The animal is considered after physical and behavioral exams to be untreatable, unmanageable and unable to be rehabilitated.

PENDING - The animal is pending assessment. If PENDING remains on an intake condition and the animal has an outcome, the animal is considered Healthy at the time of intake.

### Common Code Abbreviations

OTC - Over The Counter, animal was delivered to the shelter

FIELD or FLD\* - Animal Control Officers picked up the animal

RTO - Returned To Owner
